

Programme Running Order

Time	Presenter	Focus
10:00	Keith Conradi (HSIB Chief Investigator)	Short introduction to HSIB and to safety investigations. Why investigations are essential; learning for the healthcare system, particularly during Covid-19.
	Kevin Stewart (HSIB Medical Director)	Kevin Stewart will Chair the HSIB online seminar
10:10	Lou Pye (Head of Family Engagement) and Dr Nick Woodier (Clinical Fellow)	<i>Giving families a voice: HSIB's approach to family engagement during investigations.</i> Launching on World Patient Safety Day this HSIB national report sets out how HSIB supports and ensures patient and family involvement is central to its investigations. Safety Leads will be able to understand how HSIB's experience can be applied in their own healthcare setting.
10:30	Questions from online guests	Lou Pye and Nick Woodier to take questions on family engagement
10:40	Patrick Vernon, OBE (Chair, HSIB Citizens' Partnership)	Patrick Vernon, health equality advocate, will look at the patient perspective in healthcare
10:45	Kathryn Whitehill (Principal National Investigator)	HSIB investigation: <i>Covid-19 transmission in hospitals.</i> Kathryn will share early learning from their current investigation which is looking at how trusts can minimise the likelihood of patients catching Covid-19 in hospital. The report will be launched in late October and will produce safety recommendations at a national level and practical advice which Trusts will be able to use to reduce hospital transmission of the virus.
10:55	Questions from online guests	Questions to Kathryn
11:05	Louise Page (HSIB Clinical Advisor and Consultant Obstetrician – Chelsea and Westminster Hospital NHS FT)	Maternity – Learning from our investigations. We will share learning from the latest maternity themed reports and provide practical insight to improve maternity wards and maternity care gained from almost a thousand investigations across England.
11:15	Questions from online guests	Questions to Louise Page
11:25	Dr Dawn Benson (Acting Head of Investigation Education Learning and Development)	Aims of our learning and teaching programme
11:30	PANEL SESSION – Ask an Investigator - Q&A with questions asked by online guests	Ask an Investigator. Q&A session with our panel of investigators, human factors experts and clinicians. Including: <ul style="list-style-type: none"> • Mel Ottewill (National Investigator) • Paul Davis (National Investigator) • Matt Wain (Principal National Investigator)

		<ul style="list-style-type: none"> • Sandy Lewis (Associate Director of HSIB's Maternity Investigation Programme) • Dr Tracey Herlihey (Head of Safety Intelligence) • Dr Lesley Kay (Deputy Medical Director) • Dr Steve Drage (Director of Investigations)
11:43	Dr Steve Drage (HSIB Director of Investigations and Consultant in Intensive Care Medicine)	Steve wraps up the seminar and provides a short update on the future for HSIB and patient safety investigations
11:45		END
11:45 – 12:00	Further discussion	Additional panel discussion if required.

Housekeeping for the online seminar

We will start promptly at 10am so please do ensure you join at least 10 minutes early and that you have checked your connection and link to be working effectively. Any issues please contact Kevin.Haklar@hsib.org.uk.

Please note while the official end time of the seminar is 11:45, we will be staying online until 12 midday to answer any of your additional questions you may have. The agenda may adapt slightly on the day depending on levels of audience engagement.

To enable us to keep to time we will take some questions live and take others from the Zoom chat function. We will endeavour to answer all questions and the Chairman may theme some questions for the speakers to address.
