HSIB National investigations

Post interview information for staff

After your interview - what happens next?

Thank you for participating in this HSIB investigation, your information will help HSIB provide a full account of what happened for the family and the Trust, and support learning to improve patient safety.

Your wellbeing is important to us. If you would like information about support services available to you, please ask the investigators who have interviewed you. They can signpost you to possible sources of appropriate help.

When the HSIB investigation report is completed the Trust will have the opportunity to make factual accuracy comments before the report is published on our website.

HSIB National investigations

Post interview information for staff

Your feedback helps to improve hsib investigations

We welcome your feedback to help us to learn and to improve our national investigations programme. Any staff member who has been interviewed by HSIB for a national investigation is invited to reflect on their experience with the team by filling out our [online feedback form](#).

We would be grateful if you could share with us your thoughts about:

- Arrangements and preparations for your interview.
- Your experience during the interview.
- Your reflections after the interview, including about the report.

If you have any questions about your interview or the report, please contact the investigation team.
