

VISITING HSIB

Location

A1 G030
Cody Technology Park
Farnborough
GU14 0LX

Contacting HSIB

We do not currently have a land line telephone, so please call your HSIB contact by mobile if there are any delays or other problems.

Transport

Road

Cody Technology Park is located 5 minutes from the M3 junction 4a, and is well signposted.

You will need to ensure that you go to the main (Cody) gate.

You cannot bring a vehicle on to the site, but there is a small car park outside the main gate, where you can leave your car.

Rail

You can travel to Farnborough Main or Fleet stations on the London Waterloo line.

Fleet is slightly nearer but taxis are probably more available at Farnborough from where it is a 10 minute journey (less than £10). You will need to ask to go to the main (Cody) gate at CTP.

There is a shuttle bus to CTP from Farnborough Main, but this operates limited times (see below).

If your arrival / departure coincides with this, please ask us to send you a bus token in advance. This is the only means of payment for the service.

Security

CTP is a secure site and you will need to report to the security post at the main gate.

Security will either:

- a) contact your designated escort from HSIB to collect you, or
- b) if no escort is required, they will notify HSIB and direct you to the A1 reception area, which is next to our offices

You will need to bring photo ID – preferably passport, although driving licence is also acceptable.

Prior to your visit we will need to have passed details to site security:

Full Name(s) of those visiting, company or organisation, and nationality if not British.

HSIB facilities

There is good self-service cafe and restaurant on site, including some gluten-free options. HSIB has full meeting and projection facilities and guest Wifi. You can project from a laptop via Wifi.
